

Join us this year!

Work at the level where you're comfortable.

Winsom Farm, 30621 S. Crawford, Beecher Illinois is located approximately 12 miles south of Interstate 80 and about five miles east of Interstate 57. The facility offers outdoor Dressage arenas, more than 60 cross-country obstacles and a stadium area. The cross-country fences include Starter Level through Training Level. Our Cross-Country offers logs, banks, ditches, water obstacles, window jump, hill work and combinations.

The Camp

Saturday

During the course of the day every rider will have an individual session with our Dressage clinician, Ken Borden, Jr. Ken is an accomplished rider, clinician and dressage judge, and the nation's leading Sport Horse breeder. After a short warm up Ken will work with you and help to perfect movements that will be required in your test. He will most importantly give you the exercises that will help strengthen your ride and improve your test scores.

While Ken is improving riders' dressage efforts, small groups will work on skills to better their Cross-country jumping. Working at the level of the rider groups, different types of fences will be ridden and the correct technique for special fences explained. Correct speed and the importance of rhythm to the fences will be exercised. Important rules of cross-country will be discussed and examples shown where applicable.

Free Lunch will be served mid-day and snacks available throughout the afternoon.

Join us for complimentary Dinner served Saturday night!

Sunday

We will start with a good warm up to loosen up both the horses and the riders after the Saturday efforts. We will work on stadium fences keeping riders at the levels they hope to compete at. Riders will work on position, technique, approach and rhythm to their fences. Everyone will work on combinations and the more advanced riders will be challenged with more complicated lines. All riders will work on some simple courses suited to their level. We will also discuss proper striding in combinations, fence types, as well as typical traps that a course designer might add.

Free lunch, snacks and drinks will be available for all.
